

16 April 2025, Limbdi, Gujarat

NTPC Renewable Energy Limited (NTPC REL) a wholly owned subsidiary of NTPC Green Energy Limited has successfully declared the commercial operation of the final 60 MW capacity of its 150 MW Gujarat Solar PV Project, marking the full commissioning of the project in Limbdi, Gujarat. This solar venture was awarded under the GUVNL 500 MW Solar (Phase XII) tender.

The last segment of 60 MW commenced commercial operation on April 16, 2025. This follows the earlier commissioning of the first 60 MW on July 29, 2024, and the second 30 MW on December 11, 2024.

With this milestone, the entire 150 MW capacity of the Gujarat Solar PV Project is now operational, reinforcing NTPC REL's commitment to advancing India's renewable energy goals and supporting the nation's clean energy transition
